OUR FUTURE STARTS AT HOME

Minnesota Constitutional Amendment for Housing

We need housing to thrive—to support strong communities, strong families, and a strong economy to make Minnesota the best state to raise a child. No child in Minnesota should worry about where they will sleep tonight. Together we can ensure that all children have a roof over their head and a safe place to live.

The Our Future Starts at Home Constitutional Amendment will not only raise and dedicate critical funding for affordable housing, it will also ensure that communities have a powerful voice in where that funding goes and that we're meeting the needs on the ground.

The amendment creates three councils that will guide each of three flexible funds to make sure that Minnesotans' perspectives are central as decisions are made about what funding is needed and how to best invest in our communities.

Home Ownership Opportunity Fund

Increase the number of homes that are affordable for ownership, including starter homes, homes for multigenerational families, households of different sizes, and accessible homes.

Eliminate racial disparities in homeownership, ensuring Minnesotans can build wealth.

Rental Opportunity Fund

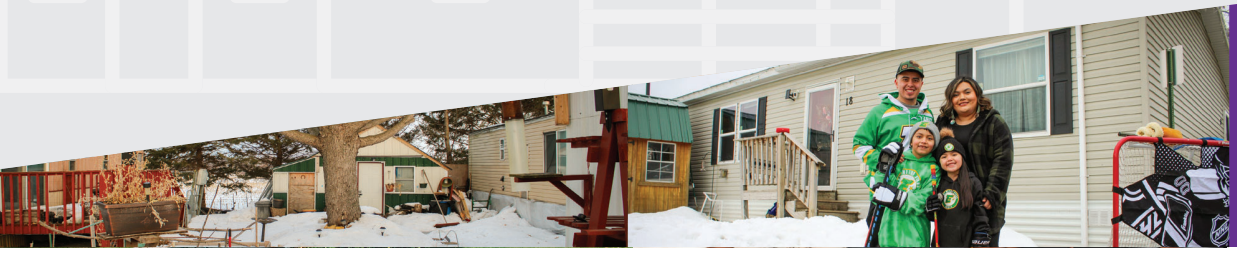

Provide rent support to families struggling to make ends meet (Bring it Home, MN).

Create more rental homes so more Minnesotans have a safe, stable place to call home.

Household and Community Stability Fund

Support people facing housing instability and homelessness.

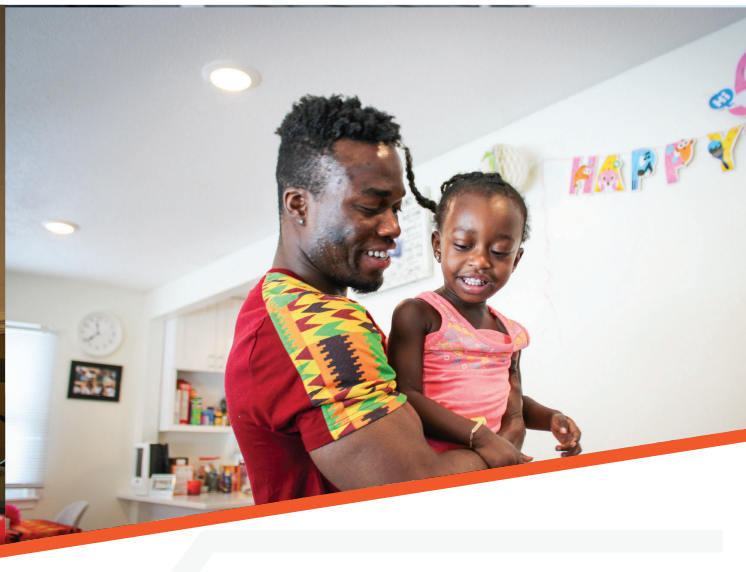

Ensure people have healthy, safe, and resilient homes.
